Hooks ISD Comprehensive Needs Assessment

School Profile

The Hooks Independent School District (HISD) is located in the quiet East Texas town of Hooks, Texas. Hooks is a small community located in the northeast corner of Bowie County, just a few miles west of the city of Texarkana.

Hooks ISD has three campuses: Hooks Elementary is for grades Pre-K-4, Hooks Junior High serves students in grades 5-8 and Hooks High School is for grades 9-12.

Each Campus offers a challenging curriculum that meets or exceeds the requirements of the Texas Education Agency. District wide programs include specialized instruction for ESL, Gifted & Talented, and Dyslexia students.

The elementary school has an active Service-Learning program, academic UIL teams, and the After-School Centers for Education (ACE) program.

The junior high campus also has an active boys' and girls' athletic program, art classes, Robotics, UIL academic competitions, a number of academic clubs, a band program, well established Agriculture classes, a competitive E-Sports program, and the After-School Centers for Education (ACE) program.

The high school Graduation/Foundation Plan requires students to choose an endorsement, a personal pathway of study. Much as a student would pick a major in college, the new option for an endorsement provides a targeted area of study. All students entering the 9th grade will be required to select an endorsement pathway. The endorsements offered at Hooks High School are STEM, Business and Industry, Arts and Humanities, Public Services, and Multidisciplinary. Hooks High School offers a variety of vocational studies, as well as, athletics, band, UIL academic opportunities, and the After-School Centers for Education (ACE) program. Students are able to participate in Advanced Placement classes as well as earn college credits through concurrent enrollment in dual credit classes.

The adequate, well-kept facilities and classrooms are sufficient for educational excellence. Public Support for education in HISD is evident both in the community and through the parent volunteer programs. The administrative and instructional staff is motivated to produce confident, qualified leaders as they graduate and leave Hooks ISD.

Hooks ISD Enrollment as of September 19, 2022

Enrollment by Ethnicity:		
Hispanic	92	10.05%
American Indian/Alaskan	2	0.22%
Asian	3	0.33%
African American	106	11.58%
Hawaiian/Pacific Islander	4	0.44%
White	618	67.54%
Two or More	90	9.84%
Total District Enrollment	915	100%

Student Achievement

Fundamental academic skills are essential for student success and high standards should be held for academic achievement in all subject areas. It is the belief of Hooks ISD that we must challenge and motivate each student to achieve at the highest level possible. All children are capable of learning; therefore, Hooks ISD will employ current, research-based teaching methods and materials to match the learning abilities of all students. Student achievement data comes from reports in the Texas Academic Performance Report (TAPR), PEIMS, Results Driven Accountability, and State Accountability. We disaggregate our data (with the help of DMAC) by passing rates in subject, grade, and ethnicity and by advanced rates in the same categories. Hooks ISD received an Accountability Letter Grade of B and each of our campuses also received an Accountability Letter Grade of B from the Texas Education Agency (TEA) for the 2021-2022 school year. We have identified College, Career and Military Readiness (CCMR) as an area of improvement and the area that is preventing the district and high school campus from achieving an A in our Accountability ratings. The high school principal and CTE teachers are attending training and conferences learning how to implement Programs of Study that lead to Industry Based Certifications to work on this area. The junior high campus is showing significant growth in academic achievement, results that are reflected in their Accountability. The elementary campus is working on maintaining high levels of achievement. Mathematics is the area in grades 3-8 that needs to continue to improve. Ongoing professional development is essential to obtaining improvement in this area. The district will be working diligently at every campus in ensuring progress is made toward reaching the highest achievement levels.

The long-term effects of lost instruction due to COVID-19 are still being felt in all grades and subjects. Achievement in math has been the most effected. To mitigate this disadvantage, last year, the district added additional certified teachers as interventionist at the elementary and junior high campuses and an additional counselor to address social/emotional needs at the high school level. Specific academic materials have been identified and purchased to help accelerate learning for our students. Master schedules have been examined and adjusted to maximize learning time and programs evaluated and streamlined to create consistency from one grade to the next. Accelerated Instruction has been successfully implemented and data shows that it is effective in helping to close the gap in learning due to lost instruction.

According to surveys, 77% of parents feel their child is able to get help from teachers at school, we will be working this school year to raise that percentage above 90%. 86% of parents and 93% of teachers feel the school is doing a good job teaching the basics such as English, Reading, Math, Science and Social Studies. 78% of parents report that teachers have high expectations for continuous improvement and 97% of teachers believe they are available to help students when needed. 68% of parents feel that grades are posted to the online gradebook promptly up from 54% last year.

Curriculum, Instruction, Assessment

The Assistant Superintendent of Instruction of Hooks Independent School District is responsible for supporting development and implementation of the Texas Essential Knowledge and Skills (TEKS) in the district curriculum. Hooks ISD utilizes the TEKS Resource System (TRS) as the district curriculum. The curriculum department provides district leadership in the following areas: development and delivery of instruction, interventions for students, professional development, assessment, instructional technology, and instructional resources. The needs assessment for curriculum and instruction includes review of the district curriculum, methods of delivery as well as monitoring efforts to determine effective implementation.

At Hooks ISD we share common goals and concerns for and commitment to the welfare of all children. The goal of the Pre-K–12 curriculum is to ensure that all students will learn the same core of significant content at a specific instructional level, from teacher to teacher, and school to school. Although the curricular objectives are aligned with national content standards, Texas Essential Knowledge and Skills, and state-mandated tests, the overriding goal is to design a curriculum that is academically rich, holistic, student-centered, and culturally diverse, honoring input and contributions from all Hooks ISD stakeholders. Hooks ISD is committed to the development of an exemplary system-wide curriculum that promotes high expectations for its teachers and students that result in meaningful student learning. The system-wide curriculum can best be described as a thinking curriculum, one that integrates content, process, and product; typifying real world situations. The decisions, strategies, and practices supporting the alignment of the *written, taught, and tested* curriculum will be rooted in internal and external research critical to providing optimum learning opportunities for all students.

Hooks ISD has made a commitment to providing relevant professional development for all teachers, promoting lifelong learners and a desire to pass that learning on to our students. To provide teachers with opportunities for instructional planning, the district developed an instructional calendar that included twelve professional development days placed strategically throughout the school year. Hooks ISD data continues to show a need in the areas of critical thinking, mathematics, and short-answer writing responses. For the 2022-2023 school year, the district will place a focus on continuing to deepen teachers' knowledge of a variety of delivery modes while beginning to strengthen and deepen levels of content expertise. Staff are encouraged to attend subject specific professional development at the Region 8 Education Service Center. We will also be focusing on successful RtI and Accelerated Instruction programs at each campus, improving instruction for special populations, and delivering high quality instruction to all students. It is our belief at Hooks ISD that we continue to provide our teachers with quality planning time to produce high impact lessons for all students, which in turn, will result in increased student achievement. It has been the district's initiative to increase the use of TEKS aligned instructional materials and utilize data to inform instructional needs.

Staff Quality, Recruitment, and Retention

We believe at Hooks ISD that a positive overall district climate helps contribute to high retention rate of teachers and staff. We believe we must be proactive in recruiting and retaining high quality teachers. We will continue to train and hold accountable all Hooks ISD staff to ensure the fulfillment of the Hooks ISD's vision and mission. We are committed to hiring staff that are certified for the subjects they teach and for the 2020-2021. We will be proactive in recruiting needed staff by posting job vacancies and conducting interviews in a timely manner. We will attend various job fairs in the spring of 2022 with the hopes of attracting additional high-quality teachers to our district and to promote the areas that make Hooks ISD a special place to work such as small class sizes, a sense of community and high parent involvement rates. We will also continue to offer competitive salaries and benefits to compete with the local industry. The district is currently in the planning stages of applying for the Teacher Incentive Allotment which will not only help current staff earn additional money, but also help keep us competitive to surrounding districts.

School Culture

Hooks ISD continues to promote awareness, respect, appreciation, and understanding of all. Family and community surveys show that 79% of parents feel problems at school are handled promptly and 77% feel that disciplinary actions are fair and related to the rules.

94% of staff report that it is easy for them to talk to their campus principal and 80% report that problems at their school are handled promptly. 82% feel that discipline is fair and related to the rules. Staff also feel that they are willing to listen to parents and make them feel welcome at the school.

The 2022-2023 school year brought a heightened focus on district safety. The district has ensured that staff have been trained in the most current procedures. Campus drill protocols have been developed and drills are routinely conducted. District safety audits are done each year and discussed with campus administrators. Campus safety procedures are always a priority and evaluated on an ongoing basis. Public access to all campuses is limited to the front entrance of each campus and open access areas are being fenced. We are continuing to make campuses more secure through weekly exterior door checks and installing key card access for staff. Bullying prevention is also an area we continue to improve on and have added an anonymous online reporting system to make it easier for threats to be reported and investigated. Each campus emphasizes the importance of kindness and has character education programs. Overall, parents, students and staff all feel they are safe and are satisfied with Hooks ISD.

Organizational Structure and Processes

Central office staff accommodates the overall staffing and financial needs of the campuses as funds are available. Instructional supports, classroom facilities, materials, and technology are in place. Schedules are designed around student need. Additional instructional periods are offered for low-performing students. Teachers have the opportunity to meet at least three times a year to work on vertical alignment and resource calibration, data disaggregation as well as developing assessments that will drive classroom instruction. Teachers serve on decision-making committees and surveyed each year to determine satisfaction and areas in need of improvement. Central office staff are helpful and willing to assist staff with their needs. Customer service and satisfaction is our primary goal. Our number of transfers from other districts speaks of the confidence in our school in our area. A climate of high expectations, including the belief that all students can learn, is reinforced at all levels.

Family and Community Engagement

Effective communication with all stakeholders is always a priority for Hooks ISD. The district will continue to pursue every avenue available to us to ensure that all families are provided current information in a timely manner. Two-way communication is necessary for the district to know, understand and meet the needs of our students and families.

Parental and community engagement continue to be areas of focus for the district. Parental involvement continues to grow throughout the district as parents/guardians are invited to attend many events. 66% of parents feel they encouraged to participate in school activities, up from 49% last year and 73% report they are kept well informed about school activities. Campuses hold many events for families to attend each year such as Meet the Teacher, Open House, Report Card Pick Up, Senior Parent Nights for college and career preparation, the STEAM Expo, Science Fairs, Grandparents Day, Dyslexia Family Night and many other family activities.

Hooks ISD also has many thriving extracurricular activities such as sports, band, theatre and Ag. The ACE Program hosts a family event each month and also offers programs directly to parents of participants. The Veterans Day program is well-attended by local veterans, families and community members and the district hosts a monthly Senior Citizens Luncheon for members of the community. The School Health Advisory Committee is active and plans relevant programs for students and community such as the Community Health Fair and events to promote wellness and healthy nutrition throughout the school year. Each campus also has an active parent or sports booster club that encourages family participation. The district takes multiple steps to effectively communicate with families and the community. The district utilizes the Skyward email system, Facebook Page, district webpage and text notifications through Remind to provide timely, useful information to parents and they also have access to their student's grades via the Skyward online portal. 72% report they check their child's grades regularly.

Technology

As educational demands continue to evolve, Hooks Independent School District strives to ensure that students and staff have access to relevant technology. We will continue to expand and integrate technology into every aspect of the student academic experience to accomplish the Hooks ISD vision and mission. 76% of parents and 64% of teachers feel their school is well equipped with current technology resources. We will continue to monitor trends in technology and encourage innovation and learning among our teachers and staff. Hooks ISD will maintain an accurate and effective technology inventory system, which will guide budgeting proposals. This system will help determine annual needs. We will continue to maintain a sound and secure technology infrastructure, which will continue to supplement classroom instruction and support business operations. Infrastructure upgrades are primarily completed, ensuring that every campus has access to fast and reliable internet. This has allowed the district to participate in the purchase of technology devices from the state which will be used to expand the integration of classroom technology at all grade levels.

Priority for Service (PFS) Action Plan

School Year: 2019 - 2020

Filled Out By: Region 8 ESC Migrant staff
Date: October 16, 2019

As part of the Every Student Succeeds Act (ESSA), the Priority for Service (PFS) Action Plan is a required program activity for the Migrant Education Program. In providing services with funds received under this part, each recipient of such funds shall give priority to migratory children who have made a qualifying move within the previous 1-year period and who are failing, **or most at risk of failing**, to meet the challenging State academic standards; or have dropped out of school. [§1304 [20 U.S.C. 6394](d)].

The Priority for Service Report on NGS must be used to determine who to serve first and foremost with MEP funds. Students are identified as PFS if they meet the following criteria:

Priority for Service Criteria	
Grades 3-12, Ungraded (UG) or Out of School (OS)	<ul style="list-style-type: none"> Who have made a qualifying move within the previous 1-year period; <p><u>AND</u></p> <ul style="list-style-type: none"> Have failed (or at risk of failing [approaching on STAAR]) one or more of the state assessments, or were granted LEP Postponement, were Absent, Not Tested or were not enrolled in a Texas school during the state assessment testing period for their grade level.
Grades K-3	<ul style="list-style-type: none"> Who have made a qualifying move within the previous 1-year period; <p><u>AND</u></p> <ul style="list-style-type: none"> Have been designated LEP in the Student Designation section of the New Generation System (NGS) Supplemental Program Component; <u>or</u> For students in grades K-2, who have been retained, or are overage for their current grade level.

The following document is provided by TEA for districts to help document efforts that are being conducted on behalf of Priority for Service students. It contains all of the required components as described in Part 4 of the ESSA Application in the Provisions and Assurances, but also allows room for districts to add additional activities. Each district's plan must clearly articulate criteria for defining student success, including timelines for achieving stated goals and objectives.

NOTE: This document can be obtained electronically in MS Word format from the regional ESC MEP Coordinator.

Note: Title I, Part C Coordinator or MEP staff will include the PFS Action Plan in the district improvement plan as a separate section appropriately labeled or identified (e.g., "Migrant PFS Action Plan Section"), rather than integrating the action plan elements with other DIP sections that focus on other student population groups (e.g., Bilingual, ESL, economically disadvantage).

Goal(s): The goal for students that participate in the Migrant Education Program and that are identified as Priority for Service students is that they will be successful on yearly state and/or curriculum-based assessments and graduate on time from High School or obtain a High School Equivalency Diploma.	Objective(s): <ul style="list-style-type: none"> Monitor the progress of MEP students who are PFS Communicate the progress and determine needs of PFS migrant students to school staff, parents and students Provide services to PFS students according to need
