

## **Weekly Instructional Plan**

Spelling words are written in the student's agenda. He/She takes a pretest on Thursday. If a 100 is made, that counts as the test grade. Otherwise, on Friday a spelling test is given.

Reading: Students are practicing using their reading strategies. Remember to read the READ Naturally story in the take home folder. It helps to build fluency.

Math: Students are working on their multiplication facts and dividing. They use their reading strategies even in math. We see improvement EVERY DAY. Ask your child about the different math symbols
